An electronic newsletter for SERS Payroll Officers

Return to Work Electronic Processing Reminder

This is a reminder that the new online “Return to Work” feature commenced September 25th, which replaces the prior paper reporting process.

All agencies will **need** to electronically report and monitor the “75-Day Return to Work” processing on our Employer Website. It is also imperative that agencies keep current with the certification of the pay periods for their employees.

We thank you for your assistance and any questions can be directed to: Brenda Bain, Vouchering Section, 217-785-7034.
