Reminder

- Employees hired after January 1, 2011 (Tier 2) do NOT serve a qualifying period. Therefore, they don't have qualifying time to purchase.
- When the State hires a new employee, they automatically become a member of SERS and we send them a new member packet which includes a membership record and a beneficiary form. New hires should complete these forms and return them to us ASAP. Please do not give these forms to your new members in advance.

SERS Website

Tier 1 and Tier 2 information is now on our website under the Member, Retiree and Survivor link; the FAQs link and the Publications link.
