

Benefit Statement Enclosed

Enclosed is your revised Annual JRS Benefit Statement which contains detailed information about your benefit payment, deductions, health and life insurance amounts. As we have previously notified you, the State Comptroller's Office is no longer mailing the Benefit Earnings Statement to you each time your net benefit changes. Information contained in this year's Annuitant Statement should provide you with the same information previously contained on the Comptroller's Earning Statement.

JRS encourages you to access the new SRS Member Services website to access your personal membership data. An electronic version of this annual statement will be maintained for your future reference on this website. If you have questions about your statement, contact JRS at 217-782-8500.

Retiree News

Your JRS Benefit is Secure

All JRS benefits will be paid in full and on time. Even though the State has yet to make the November 2015 employer contribution to JRS, the State has made the December through February contributions. Comptroller Leslie Geissler Munger reported at the January 12th SERS Board of Trustees meeting that it is her intent to make the November contribution by April 2016. **JRS is not in danger of defaulting on the payment of benefits or expenses.**

JRS FACTOID

The average age of a JRS retiree is 71.7

Revisions to Annuitant Statement

Based on several requests from annuitants last year regarding the need for verification of the health insurance premiums paid by annuitants, the 2016 Annuitant Statement specifically addresses the premiums paid by each annuitant that may be useful in completing their federal tax return for 2015.

You will find this information in the "Authorized Deductions" portion of your statement under the column "Calendar Year 2015". The deduction will list the name of your health insurance carrier and will provide you with the January 2016 monthly premium you paid for dependent health insurance as well as the Calendar Year 2015 premium.

Federal Income Tax Withholding

You may have noticed a change in the amount of federal tax deducted from your JRS benefit payment due to revised federal withholding tables that went into effect on January 1, 2016.

JRS withholds taxes based on your request on file with our office. To change your withholding, you must submit a new W-4P to JRS (the W-4P is available on our website at www.srs.illinois.gov).

You are encouraged to contact a qualified tax advisor or the IRS at 800-829-1040 to ensure you have adequate withholding for the 2016 tax year.
